Respected Sir,

Sub: Approval for Relocation of Existing Electrical Control Panels and Consolidation into a Single Outdoor Panel

The Silver Jubilee Block front-side shed has two separate panels. One panel contains the street light control and the Swami Peeta control, while the other is a 4-starter pump control panel. As per the instructions of Architect Mr. Vivek Prabhu, these panels need to be shifted to a new location to provide the required clearance in front of the new building.

This matter was discussed with Mr. Seetharam, and a suitable new location has been identified. It has also been decided to combine the two existing panels into a single outdoor panel. A new panel enclosure will be fabricated, while the existing starter sets and other reusable materials from the old panels will be utilized wherever suitable.

Kindly accord permission to proceed with the above work.
Estimated cost is Rs -61832/-

Forwarded for approval.
H. Seetharam
11/7/2026

Thanking you,
Yours Sincerely

P. Tellis
