Subject: Request for Permission to Procure a New Floor Cleaning Machine

Respected Sir,

The scrubber-cum-dryer floor cleaning machine presently being used at Canara Engineering College was procured in **March 2023**. Since its purchase, the machine has been in regular use for cleaning the floors of the college campus. In addition, it has also been utilized for cleaning works at **Raman Pai Convention Centre** and other sister institutions of the Canara High School Association in Mangalore whenever required.

As the machine has been in continuous operation for more than three years, it has started producing abnormal noise during operation and requires frequent maintenance. The increased usage and wear and tear have affected its efficiency and reliability.

Considering the extensive area to be cleaned on the campus and the importance of maintaining proper hygiene and cleanliness, it is essential to have an additional floor cleaning machine available. Procuring a new machine will ensure uninterrupted cleaning operations, reduce dependency on a single machine, and help maintain the required standards of cleanliness across the campus.

In view of the above, I kindly request you to accord permission to procure **one Scrubber-cum-Dryer Floor Cleaning Machine** for Canara Engineering College.

The approximate Cost of machine is Rs 1,40,000.00

I shall be grateful for your kind approval.

Thanking you.

Yours faithfully,

(Sadashiva Acharya)
Campus Manager
Canara Engineering College
Benjanapadavu, Mangalore
