Respected Sir,

Sub: Request for Approval for Purchase of Rubber Mat and Fire Extinguisher – Silver Jubilee Block

This is to request approval for the purchase of a rubber insulating mat and fire extinguisher for the Silver Jubilee Block. The above items are required as part of the mandatory safety requirements for the lift licence inspection. As the Silver Jubilee Block is above 15 metres in height, Electrical Inspector approval may also be required during the inspection process.

Therefore, both the rubber mat and fire extinguisher are required to ensure compliance with the applicable safety requirements and to facilitate the lift licence inspection and approval process. In view of the above, kindly accord approval for the purchase of the required items at the earliest.

Estimated cost - 35400/-

Thank you.

Yours faithfully,

P. J. Telles
